

QUALITY AND ENVIRONMENTAL POLICY

The Management of **CONSULTORÍA Y SOLUCIONES DE INGENIERÍA, S.L.**, in its desire to ensure the provision of the service it offers and being aware of the importance of the environment, and that the activities it develops may alter the environment, has decided to establish and implement a **Quality and Environmental Management System** based on the requirements of the **UNE-EN ISO 9001:2015** and **UNE-EN ISO 14001:2015** standards, for the activities of:

“PROFESSIONAL AND INDEPENDENT ENGINEERING SERVICES: DRAFTING OF PROJECTS IN THE CONSTRUCTION SECTOR, CALCULATION OF FOUNDATIONS, STRUCTURES AND SLOPE STABILITY, DRAFTING OF EXPERT REPORTS AND TECHNICAL REPORTS IN THE CONSTRUCTION SECTOR, MANAGEMENT AND SUPERVISION OF WORKS, DUE DILIGENCE, HEALTH AND SAFETY COORDINATION, AND TECHNICAL INSPECTIONS OF RACKS”.

The **Quality and Environmental Management System** of **CONSULTORÍA Y SOLUCIONES DE INGENIERÍA, S.L.** is the one that guides us towards an improvement that aims at customer satisfaction and absolute control of the activities carried out that may have any impact on the environment, within the possibilities of the organization.

The **QUALITY AND ENVIRONMENTAL POLICY** of **CONSULTORÍA Y SOLUCIONES DE INGENIERÍA, S.L.** is based on the following pillars:

- **Management commitment to the correct implementation of the Quality Management System, and the continuous improvement of the performance, results and effectiveness of the Quality Management System.**
- **Commitment to meet customer requirements** to achieve their satisfaction, being able to capture their needs and expectations, making us part of a common project, acting at all times with professionalism, ethics and transparency.
- **Commitment to comply with all requirements, whether legal, contractual or otherwise, that may be applicable to us due to our activity**, so that our performance in no case may contravene the requirements and specifications established, and to consolidate the trust of customers and interested parties in our organization.
- **Commitment to effectively control all our activities, and to carry out our work within a management environment that ensures continuous improvement** in our processes, in our methods of action and in our relations with interested parties, by establishing, complying with and periodically reviewing our quality and environmental objectives, and using the best available economically viable technologies
- **Commitment to protect the environment and our surroundings**, through actions aimed at preventing any type of pollution that could be caused by operations due to our activity, and the sustainable use of resources.
- **Commitment to promote the communication, understanding and dissemination of our Quality and Environmental Policy within the organization**
- **Commitment to make our Quality and Environmental Policy available to relevant stakeholders.**

The **QUALITY AND ENVIRONMENTAL POLICY** is the reference framework of the company and, therefore, the Management assumes the maximum responsibility for its application.
